Wellbeing Erewash – making a difference

Wellbeing Erewash is one of a number of places around the country - known as NHS England 'vanguards' - looking at new ways of improving people's health and wellbeing. It involves the people of Erewash, the local NHS, social care and the voluntary sector.

The aim is to encourage thriving communities within Erewash, where people feel confident and supported to choose a healthier lifestyle, stay well, and know how to get help and support when needed.
